**BronxCare Community Healthcare Benefits Program** es un servicio voluntario del Hospital Bronx-Lebanon (BLC) y el Centro de Salud Dr. Martin Luther King, Jr. (MLK). Su propósito es asegurar que todos los servicios médicos necesarios sean accesibles a todos los residentes de nuestra comunidad.

 Esto no es un plan de seguro médico y tampoco reemplaza los beneficios que ofrecen los programas auspiciados por el gobierno, tales como Medicaid, Medicare, Child Health Plus, o Family Health Plus.

El Programa de Beneficios médicos se desarrolló para ayudar a las personas que no tienen seguro médico o se sienten poco seguras. Este programa es gratuito y no tuvieron derechos de compañía.

How the Program Works

Who is Eligible?

Residents within the BronxCare community, as defined by the counties of Bronx, New York, Queens, Kings (Brooklyn), Richmond (Staten Island) and the city of New York, are eligible for benefits under the program. For emergency services, all New York State zip codes are eligible.

What's Covered Under the Program?
The BronxCare Community Health Care Benefits Program covers all necessary medical services offered at BHHC and its network of facilities and is not eligible to be covered under an existing government sponsored program or your currently existing private insurance. This includes clinical services, emergency services, ambulatory surgery, and inpatient care. Preventive and emergent dental care is also covered.

What's Not Covered Under the Program?
Services provided outside the BronxCare Network are excluded from this program. Restoration and prosthetic dental services are also not covered.

How to Apply for Benefits?

Applying for benefits can be done at any of the BronxCare Network service sites, including the Admissions Office at The Bronx-Lebanon Hospital Center, or any of its clinic locations, plus all of the service locations operated by the Dr. Martin Luther King Jr. Health Center. At these locations, we will assist you in applying for any government sponsored program for which you may be eligible, including Medicaid, Child Health Plus and Family Health Plus.

If you are not eligible for any of these programs, you can apply for participation in the BronxCare Community Health Care Benefits Program. To be eligible for non-emergent benefits under this program, you only need to have a resident of the BronxCare Community Health Care Benefits Program. Benefits will depend on your household size and income. When applying for benefits you will need to submit the following:

1. Proof of Residency: A legal or government-issued identification that shows your current address and indicates you live in New York State.
2. Proof of Incomes: A legal or government-issued identification that shows your current address and indicates you live in New York State.
3. Proof of Income: A legal or government-issued identification that shows your current address and indicates you live in New York State.
4. Proof of Household Size: A legal or government-issued identification that shows your current address and indicates you live in New York State.
