The program is also available for patients whose medically necessary services are not covered by their health insurance or who have exhausted their insurance benefits. Co-pays and deductibles are not covered by the program.

Everyone in New York State who needs emergency services can receive care and get a discount if they meet the income limits.

Everyone who lives in Queens, the Bronx, Kings (Brooklyn), New York (Manhattan), Richmond (Staten Island), or Nassau County can get a discount on non-emergency, medically necessary services at Flushing Hospital if they meet the income limits. You cannot be denied medically necessary care because you need financial assistance.

You may apply for a discount regardless of immigration status.

What are the income limits?
The amount of the discount varies based on your income and the size of your family. If you have no health insurance, these are the income limits: Depending on circumstances, you may qualify for financial assistance even if your income exceeds these limits.
